

Are you searching for a church home that connects your personal relationship with God and your everyday life?

Here at **Hope Lutheran Church** we think that it is vital that you have a comfortable and meaningful place to come and hear of God's message of love for YOU! You will hear about your relationship with Jesus as Savior bringing a peace inside to all your days. We strive to have an atmosphere that is relaxed and yet reverent. There is a unique blend here of some traditional concepts and some contemporary approaches.

Amidst all the busy things in life today, we think it is so, so important to gather together in Worship and come together as a community of believers. It is a great opportunity to have Worship, Bible studies, children's programs, and Christian fellowship as a part of our lives.

I encourage you to seek to grow closer and closer in YOUR personal relationship with God. It is in this relationship that real joy, and peace, and happiness are found! You are able to walk about all your days knowing of your forgiveness and of your promised home in heaven.

**Come... and hear again...
fresh... and anew... about the love that God has for YOU!**
